

With the solar-powered charging bench, communities can display full color advertisements of products, services, and events anywhere people want to be: outdoor malls, traffic hubs, campuses, hospitality spots, parks, sidewalks and boardwalks. Locals and visitors stop by to recharge phones and devices while being updated on public events and business offerings communicated in real-time on the E ink interactive bulletin board.

Communities, municipalities, universities, hospitals and other organizations can take advantage of **solstreet's** features in a variety of ways.

Learn more about bringing **solstreet** to a sunny setting on your street, campus, or property. Our team helps you make **solstreet's** revenue sharing program possible by identifying the option that works best through a leasing or purchasing arrangement.
